Celebrating Student Success

The Central Coast Community College hosted their Annual Awards night on Wednesday, 27th April 2016. All graduates from 2015 were invited along to Laycock Street Theatre to celebrate their many successes.

The students in attendance included alumni from our Certificate III in Beauty Services, Certificate III in Aged Care, Certificate IV in Leisure and Health, Certificate III in Business Administration and Certificate IV in Training and Assessment. There were also graduates from our Tech Savvy Seniors course and the LEAP To Learning Program, which is designed for students living with a disability.

Also included in the celebrations were students from Northlakes High School, Lake Munmorah High School, Tuggerah Lakes Secondary College, Wyong High School and Brisbane Water Secondary College, who had completed one of the College's skills sets.

The College developed a range of skills sets, which it has been delivering to students in local high schools on the Central Coast. These courses were created to improve employability skills and to address any shortages on the Central Coast. Five new vocational programs were developed in Beauty and Personal Styling, Nail Technology, Sports Massage, Aged Care and Business / Information Technology.

Karita Crossman, Training and Development Manager, said "Not many College's host Graduation Ceremonies for their students, but we feel it is important to recognise the success of all our students.

"It was a terrific night and Laycock Street Theatre was the perfect venue to host the evening."
